Summary

Dedicated and solution-oriented computer science engineering student at VIT Bhopal, with a concentration on automation and cloud computing. Has a working knowledge of Web development, Python, Java, and C++. Ability to identify problems, develop logical solutions, and communicate confusing technical content in an understandable way. Eager to apply and grow technical capabilities in a fast-paced team environment by taking on real-world challenges and continuing education.

EDUCATION

VELLORE INSTITUTE OF TECHNOLOGY, BHOPAL

2023 – 2027

B.Tech - Computer Science and Engineering (Cloud Computing) - **CGPA - 8.35**

Bhopal, Madhya Pradesh

St Atulanand Residential Academy

2019 – 2022

Higher Secondary: **77.7%** (2020–2022) | Matriculation: **77.2%** (2019–2020)

Varanasi, Uttar Pradesh

TECHNICAL SKILLS

- **Programming Languages:** Python, C++, SQL, Java, HTML, CSS, JavaScript
- **Tools & Technologies:** OpenCV, Git, GitHub, VS Code
- **Soft Skills:** Leadership, Ownership, Problem Solving, Presentation Skills, Communication, Teamwork, Critical Thinking

PROJECTS

NewsVITa – Centralized College News & Events Portal | Web Development Sep 2024 – Dec 2024

- Developed a free, centralized web platform for campus news, events, and announcements, improving college-wide communication.
- Built the front-end using HTML, CSS, and JavaScript with responsive layouts and clean UI for enhanced usability.
- Designed an intuitive event listing and registration system for easy student access to campus updates.

Vplay – Real-Time Tennis Analysis System | Machine Learning

Jan 2025 – April 2025

- Developed a real-time tennis analytics system using YOLO and PyTorch to detect and track players, rackets, and tennis balls from match videos.
- Implemented CNN-based models for ball trajectory prediction and bounce detection to enhance match analysis accuracy.
- Processed video frames using OpenCV for court detection, event labeling, and visual feedback.
- Designed a lightweight and scalable solution suitable for coaching, training, and professional match analysis.

CERTIFICATIONS

- MATLAB Onramp – MathWorks 15 Dec 2023
- Python Essentials – Vityarthi 17 Dec 2023
- Fundamentals of AI and ML – Vityarthi 17 Apr 2024
- Introduction to Internet of Things – NPTEL 16 May 2025
- Prompt Design in Vertex AI – Google Cloud 31 Aug 2025
- The Bits and Bytes of Computer Networking – Coursera 1 Dec 2025

EXTRACURRICULAR

- Active participant in hackathons (Innovator badge at Accenture Innovation Challenge) and coding challenges.
- One of the Best maintainer in AcWoc'25 Hackathon.
